We'll make this -- I think 16 16 with -- and I can't put it together as I'm sitting 17 this will be Exhibit 5. 17 here, but there were some issues from her perspective 18 (Exhibit 5 was marked for identification.) of needing to not work to have her insurance in place. 19 MR. It's got defendant's Bates stamp 20 21 ending in 1301, Tuesday, 28 June 2016, e-mail from But I do recall, as she mentions in that Amy Buchanan to Dan Watkins, subject "My Resignation." second line, that in order to keep my current 23 O. First of all, do you recall receiving this insurance coverage, keep out-of-pocket costs to a 24 e-mail? minimum, and have surgery done in a reasonable time, 25 A. No. I don't deny that it came. I just don't she needs to go now, between August and September. Page 26 Page 28 1 recall it. So I remember that and the timing was Q. Okay. Well, I'm not trying to trick you or important for her with respect to insurance, but anything. That's why I wanted to make sure I showed ultimately the goal was to go and have surgery and get you this, because I know I've seen the -- and we'll better. So I do recall that. look at the resignation letter from -- it's dated, I MR. KEMP: Okay. All right. The next one, 6 Exhibit 7. 6 think, September 2nd. But this is all the way back at the end of June she was talking about needing to (Exhibit 7 was marked for identification.) 8 resign. I just wanted to see if that jogged your (Amy Buchanan entered the proceedings.) memory about any earlier conversations that you had MR. And I'll tell you, the second page of the 11 resign. 11 letter doesn't have a Bates stamp on it because I couldn't find the actual copy of the letter that was A. No, not specifically with respect to this 13 e-mail, but we did -- like I said, we talked a lot 13 attached to this Friday, September 2nd, 2016, e-mail. 14 14 about her frustration with her current medical But this second page does appear to be the condition and practicing law and just the strain and 15 resignation later that Amy sent you; is that right? 16 stress of practicing law in the midst of dealing with A. Do you recall there being 19 a back surgery. conversations, communications about her resigning? 20 What did you do with respect to running the This would have been a little over two months before office when she left? Did you have somebody else 22 22 she actually did it. working there by that time at the Las Vegas office? 23 A. I don't recall that, no, not in that context, 23 A. Yeah, if memory serves, Eran Forster. 24 24 not the word "resigned." I don't recall that. Q. Could you spell the last name? MR. KEMP: Okay. So we catch up, let's go 25 A. F-o-r-s-t-e-r.

Page 29 Q. I think it's spelled E-r-a-n, the first name. 1 Nevada, so she does work for Nevada, not as an 2 employee, but she does do the books here too. A. Eran, E-r-a-n, yes. 3 Q. Okay. And Nancy Letofsky, is that Q. Okay. And when did Eran Forster come to work 4 Mr. Letofsky's wife? 5 A. I don't mean to be evasive, but it wasn't in A. Correct. She performs the role of office here, I didn't really focus on this, and so I didn't 6 manager and paralegal in California and office research his hire date and all that stuff. manager -- well, for a period of time she was the 8 Q. She doesn't play that role anymore. 11 would have tried to manage things as best I could, but Q. Do you have somebody else that plays that 12 it seems like I remember him being there before that. 12 role now? 13 Q. She was the first person that you hired in A. Yes, Farah Kachermeyer. April -- I'm just trying to see if we can narrow it 14 Q. Okay. Can you spell --15 15 down. A. K-a-c-h-e-r-m-e-y-e-r. 16 16 If she was hired in April and resigns in Q. So it looks like the e-mail from Nancy Letofsky is Wednesday, August 31st, 19 it down when Eran Forster might have come to work? 20 A. No. I just don't remember a time when we 20 2016, and it says: 21 "Hi, Amy. We will need a letter of 21 didn't have anybody here working on the files. I do 22 22 recall Mr. Forster coming to our attention through resignation from you, see attached 23 Ms. Buchanan, I think that's right, and we were 23 information sheet. We hope your surgery is 24 24 slammed busy. So if my memory serves, that he was successful and your recovery goes well. What 25 25 there when she was -- by this time, because I don't day are you having surgery? Nancy." Page 30 Page 32 1 remember not having anyone. So obviously, there must have been some other 2 Q. No other attorneys, no. mean by "communication." Q. Any other support staff? BY MR. KEMP: A. No, I don't believe so, not by September. Q. Well, I would just indicate that there had 10 Q. Was any of the support staff out of been some other discussion. Well, let me ask you this 10 11 California working on any of the Nevada files? 11 way: 12 12 A. I don't think so because it's a federal Do you know if there was some other 13 system out here, and we don't do much in federal court 13 discussion about Amy resigning as of September 2nd 14 there. I don't recall that. Most of the attorneys that would have led to Nancy sending this e-mail? 15 15 are dictating or typing, so I don't remember having A. I'm not sure this is the first e-mail of this 16 16 support that way. I'm sure there were occasions where chain, but -- so I don't know, no. depos might have been set through somebody there, but 17 Q. Okay. Did you have any discussions with 18 I don't recall that specifically. 18 Nancy or Susan about Amy's resignation? 19 19 Q. Okay. So also in Exhibit 7 there appears to A. Only that she had resigned. That's all I be an e-mail from Nancy Letofsky to Amy Buchanan with 20 recall. a CC to Susan Watkins. Is Susan Watkins your wife? 21 Q. Okay. 22 A. Yes. 22 A. And that she was going to resign. I'm sure 23 Q. And does she work for your firm? 23 we were discussing it as of the lead-in based on this 24 A. Yes, she currently does, in California. She e-mail. I would have definitely talked to Brian about 25 does not work for -- well, she does the books for 25 the e-mail of August 18, Exhibit, is it 6?

Page 33 Q. 6, yes. Q. Okay. All right. So right up until the time that she resigned, did Amy, for lack of a better term, A. And so in preparation for that, I would 3 have -- I don't recall specifically, but I assume I complain to you or let you know there were issues she talked to Nancy and Susan at some point about it. was struggling to keep up with the workload and work the number of hours that was required to do that? Q. You don't recall but you think you did, A. The September resignation? 6 though? 6 A. Correct. It would be normal for me to do 7 Q. Yes, before that. 8 8 that. A. So prior to that? I'm sure -- I don't recall 9 O. Okay. anything specific, but generally that is a discussion 10 A. Because there's payroll and that would need I have with every new associate. So I'm assuming --11 to be addressed, as well as Nancy's handling of it, of and I do recall that was a concern, how do I get it the personnel file. done, you know, and we talked at length about managing 13 Q. Okay. Do you recall what Amy's compensation files, working efficiently, and all those types of package included during this first period between 14 things. 15 15 April and September of 2016? So I don't know if you -- you used the word 16 "complaint." I never really perceived it that way in 16 A. Again, not specifically. That wasn't a 17 subject in the notice. But I think it was 65,000 the sense that I have a complaint, but certainly it was an issue and it was part of her overall annual salary, and she would have been available for a 19 bonus program, which was \$50 an hour for everything 19 frustration. billed over a 480-hour quarter. The average was 160 a 20 Q. Right. And back on Exhibit 6, it looked like you were talking about -- or she mentioned that she month, what we billed. The bonus program at that 22 point was based on a quarterly billable of 480 a was -- she would welcome the opportunity to work with 23 23 you again after she had the surgery, and do you recall quarter on calendar in quarters. 24 any other details of discussions you had with her Q. Okay, 480 a quarter. Did it change into 160 a month, 160 hours a month or -- maybe I'm not about whether or not she would be able to come back Page 34 Page 36 understanding the timeline. 1 after she had surgery? 2 Was it 480 per quarter when she started and A. I'm sure we would entertain it. Like I said, it changed to 160 per month, or vice versa? 3 I didn't have any negative feelings about A. No. So we paid an annual salary back -- back Ms. Buchanan, and I was always -- you know, for me personally I'm hoping for someone with drive and then we paid an annual salary for her of 65,000 a 6 year. That was paid out biweekly. And then we had a desire to be better professionally, and I saw that in potential for bonus based on hourly billables, and the her. Just huge -- she just had a huge hurdle. billables, the bonus was based on a quarterly 8 And so, yeah, I would have entertained it. production of billable hours at 480. That makes --Who knows how long she was going to be out and how the 10 firm was going to move forward and stuff, but we would creates an average of 3 -- or 160 a month. So it's just you give them an average of 160 to gauge it by, 11 certainly entertain it, and we did. 12 Q. Okay. I just want to note, in topic number 6 but 480 was the mark per quarter. 13 And so that was the compensation package that 13 we did ask for her compensation, any periodic changes 14 I believe she started with. 14 thereto. I don't think it changed. It was 65,000, 15 15 based on annual salary of 65,000 all the way up until Q. Okay. 16 16 A. I would have to confirm that because, again, she resigned on September 2nd. There wasn't any 17 I didn't research that based on the notice, but I change in that, was there, during that time period? 18 18 would -- I'm pretty sure that's close. A. I apologize. I read over that. I was 19 19 thinking more in terms of duty in scheduling and O. Okay. 20 A. Because we went back and forth with 160 and supervision, and I didn't really see -- I apologize. 21 It is in there, but I think what I told you is right. 165, and I don't remember the timing in terms of a 22 Q. I don't think there is any controversy, minimum billable that would affect the quarterly. 23 So if it was 165, I think that translates to 23 though, 65,000 is what it was, and it didn't changed

a 495 quarter, and I just don't remember the timing of how we moved in and out of that over that period.

25

up until the time she resigned in September?

A. I mean, I know, salary and the bonus;

Page 37 correct. 1 well, before we get there, anything else about topic 6 2 here, her title, job duties, compensation, work Q. Okay. In terms of other compensation, I think there was health insurance; is that right? schedule, supervision of her work, identities of her A. Yes. I think of that more as a benefit, but supervisors. I take it you were her supervisor, yes. So we had health insurance that we provided. Mr. Letofsky was also, or was it mostly you? 6 And she had -- for all the associates, they can take a A. I interacted mostly with Ms. Buchanan, 7 week, do vacation and do sick leave. We don't really although Mr. Letofsky had every authority to supervise 8 track that. So that's available to them. 8 her and help her along as he saw fit. My -- I was the 9 one focused primarily on Nevada at that time. We then We just want them to meet the minimum 10 billables over that quarter. So we give them the started a series of cases in Eldorado, against the 11 liberty to take vacations and use sick leave as they Eldorado Resorts Corporation, which was a timeshare need to and schedule as they need to with the idea company. I don't remember the overlap with 13 that you want to be in the office as much as you can, Ms. Buchanan's employment, but there was a time when 14 but -- so I call that a benefit even though the bonus Brian was out here quite a bit. The point is, he 15 could supervise her too. 15 still calls for the 480 quarterly or 495, whichever 16 16 was in place at that time. For title, just to get back to point 6, was 17 Q. And you did mention minimum billables. What 17 associate attorney, job duties included management of a file and, you know, all the files that we had, which 18 was the minimum? 19 A. 480 -- well, minimum in the sense of bonus is 19 would include summarizing discovery, summarizing 480 quarterly or 495, depending on whatever time 20 records, attending depositions, going to mediations, period we're talking about, and so that quarterly going to court, going to meetings with clients, having minimum would translate down to an average of 160 or initial client meetings, reviewing case files with me 23 165. or Mr. Letofsky as a general sense of management of 24 24 the files. Q. Okay. And so that was the threshold to get 25 to the bonus, but you also considered that to be the We talked about her -- conversation her work Page 38 Page 40 minimum that they needed? schedule was fluid, you work as you need to. She had 1 2 A. Yeah. I mean, we've called it a minimum for remote access, at least at some point in time we set as long as Brian and I have been together, but to be 3 that up. So it's just really about getting the work honest, I don't know that I've ever gone to an done. 5 associate and said your hours aren't good enough, you We would prefer to not have somebody work are out of here, that I can recall. Q. So 160, that's roughly 40 hours a week. It's Q. That was going to be a question I had. You 10 a little bit less because there is slightly more than didn't have set -- when she was the only employee, you 10 11 four weeks in a month. 11 didn't have set hours that she needed to be there? 12 A. I mean "set" is a vague word. In that A. Yeah, depends on how you look at it, but 13 yeah, generally on the average, 22 billable days a 13 context, we wanted them to be there during the workday 14 month I think is what it works out to, or 21, because that's when I'm working and interaction could 15 occur better then than in the evenings, and that's something like that. So however it works out. It's 16 on average eight billable hours of each workday a when meetings would happen and depos and things of 17 month, yeah. that nature, so but there was great flexibility in it. 18 18 Q. So did you have like a Las Vegas O. Okay. 19 A. Which doesn't translate to eight 19 phone number? 20 working hours. A. Uh-huh. 21 Q. Right. No, I understand it. That's Q. Or like if a runner was bringing you, you at some point she had indicated that she had her know, papers to serve on the office, if she wasn't 6 surgery and she was ready to try and come back, but there, then there wouldn't be anybody to receive it, she had limited -- she was going to have to work on a or is it do you have like an executive office setup? limited basis. We had a need at that point -- I know 8 What happens if people show up with papers if nobody Mr. Forster still was with us. We were well into the 10 Eldorado cases and we needed help. 10 is there? Is there like a central reception? 11 11 MR. ORTUNO: Object to form. So I don't remember -- I can't -- I don't THE WITNESS: Yeah, today it's different. So remember who reached out to whom first. I'm assuming 13 I would be speculating on if that even happened back 13 she reached out to us and we discussed it and said, 14 then. I don't recall that ever being an issue -well, let's try 50 percent and see if that works, that 15 BY MR. KEMP: 15 gets you back in, it gets us some help, and we'll see 16 16 Q. Okay. if it can work. 17 17 MR. KEMP: Okay. We'll make this Exhibit 8.

A. -- to be honest. I don't recall that having been an issue, so I don't have an answer for you.

Q. Suffice it to say, you didn't tell her she had to be there between 9:00 a.m. and 5:00 p.m. every

20 21 day? 22 A. She didn't punch a clock, but we wanted her

there between 9:00 and 5:00 if she could be there, because that's when the workday is happening for everybody.

18 (Exhibit 8 was marked for identification.) 19 MR. KEMP: So Exhibit 8 is a

Page 45 recall, as I read this, it reminds me of our 1 A. You did. 2 2 conversation that she said she wanted to come back but Q. It looks like Susan then responded to you on 3 there were going to be limitations, and I said you October 4th -- I'm sorry. This was taken from an need to let me know what they are. So this would be archive. Looks like she responded to you on 30 her responding in that respect, saying this is what I November 2016, to both you and Brian Letofsky, saying 6 would like to try. 6 \$65,000. Is that right? 7 So I recall the general gist of the subject 7 A. Yes. 8 8 of the e-mail. Q. Okay. So she's going to come back, she's 9 Q. Okay. It says specifically: going to work half time, 20 hours a week during a 10 "Hi, Dan. Per our conversation, I'm Monday through Thursday, and she's going to be paid half of what she was being paid before. Is that how 11 proposing a part-time work schedule of 12 20 hours per week Monday through Thursday. I it was going to work? 13 A. Correct. 13 could start as early as Monday, December 5th. Q. Okay. No bonus opportunity, though. Why As of now, I'm not available December 9th and 14 would that be? have an appointment the morning of December 12th. I'll be out of town during 16 16 A. We tried 20 A. You did. that in California. The bonus is not provided on the 21 21 Q. Okay. And so did you agree with this minimum billables going to half because it would be proposed schedule, this 20 hours a week working Monday wholly unfair to allow an employee to say they are through Thursday? 23 going to go half time and then bill a regular schedule A. We did. 24 and get the bonus. It would be unfair to the other 25 associates. 25 MR. KEMP: Okay. This is Exhibit 9. Page 46 Page 48 (Exhibit 9 was marked for identification.) So when we placed employees on reduced 1 schedules, they couldn't satisfy the 480 quarterly MR. KEMP: Exhibit 9 is two pages. It's got defendant's Bates stamp 1362 and 1363. I probably could have 6 6 gotten away with just one of these. Q. Because she really wasn't expected to work more than 20 hours? Q. The top e-mails, there's one from you to Brian Letofsky with a CC to Susan Watkins on A. Yeah, by virtue of the minimum schedule or 9 November 30th, 2016, "Tentative the reduced schedule they could never meet the minimum Schedule/Availability." Looks like you forwarded the 10 billables. 10 11 11 e-mail from Amy with her proposal. Q. Okay. Did you speak with Amy about that, 12 Do you remember doing this and discussing it 12 about the fact that there would be no bonus 13 with Brian and Susan? 13 opportunity? 14 14 A. I don't remember sending the e-mail. I do A. I'm sure I did. That's what I relay to them remember discussing it with them, but I don't deny 15 in the conversation. 16 that I sent it. This would be how I would handle Q. Okay. I mean, I know you are saying you are 17 things. I just don't specifically recall. sure you did, but do you have a specific memory of 18 discussing that with Amy? 18 Q. Okay. So it says: 19 "Brian, this is Amy's proposal regarding 19 A. No. I don't have a specific memory of 20 work schedule. With her proposed schedule, discussing her coming back either, but I know she did, and I know how we did things. So if you are asking we would have her on half time. We would set 22 her up with half minimums but no bonus 22 me, I would have talked to them, but I don't have a 23 opportunity. You good with this? Susan, can 23 specific memory of that, and I would have talked to 24 24 her. you tell me Amy's salary when she left?" Did I read that correctly? 25 Q. Okay. Just to follow up on that briefly,

up, things like that. So we allowed, obviously, for that process to go she could leave, she didn't have to stay. So in terms of accommodating those symptoms and issues when they came about, we let her take care

of them, didn't say stay in the office, it's Thursday and you have to give us five hours. You have a migraine and you are throwing up in the office; you should probably not have to be there. So to that end we accommodated it, but it wasn't a set accommodation because it was a, if you need to leave, you need to

- Q. Okay. But you also gave her the option of basically taking breaks if she needed to put her head

- A. So we didn't have a formal discussion on 19 accommodations related to rests and migraine breaks and going home if she's sick, can't focus, but we did allow for that. 21
- 22 Q. Okay.
- A. We were trying to find a way to have her be 24 in a productive condition when she was in the office, for her and for us.

Q. All right. And we did talk a little while

trouble focusing, trouble concentrating, the fatigue. Topic number 9 is asking about the defendant's knowledge of -- "knowledge and understanding of plaintiff's condition or disability and limitations on

ago, talked about the back injury, the headaches,

her ability to perform her daily living activities or job duties." Do you have anything -- let me ask you this way:

Are there any other things that you were informed of, given knowledge of before her medical condition, any diagnoses that she received, anything that impacted on her daily living activities and ability to do her job?

MR. ORTUNO: I'm going to object as far as it requires any expert medical testimony.

But go ahead.

18 MR. KEMP: I'm just asking what he was told or what he was informed of. 19

MR. ORTUNO: Okay.

MR. KEMP: Gained knowledge of.

22 THE WITNESS: Sure.

23 It's a little -- it's a little overbroad

because her time working there consisted of two

25 different parts, and then within that time there was a

1 change in her reduction in hours. But along the way,

- Ms. Buchanan kept us informed of her condition. She
- informed us of diagnoses even though I never asked for
- that, but she would give that to us. So she sent several different e-mails indicating her condition on
- a particular day involving a migraine or need to go to
- see a doctor and then, as she went through treatment
- and sought information and consultation from medical
- providers, she kept us informed. So there was
- 10 actually quite a bit of that communication going all the way back to when she informed us about the

12 accident and its impact.

> So there's a lot there. I can't just give you -- I would not be able to give you a narrative that covered it all.

- Q. Do you recall her providing you with any doctors' notes?

But did she tell you that she had a diagnosis of fibromyalgia, for example?

A. So fibromyalgia came up, and I can't recall if that's what was ruled out or that was diagnosed.

It was in the e-mail. She was trying to get to the

Page 54

root cause. I think in that sense it was the fatigue that was the main focus, but I don't recall. It's in an e-mail that she sent to us. Q. Okay. We'll probably come to that. A. The fibromyalgia was brought up, and I think 6

- she was ruling out something else at the time, or
 - Q. Something about an autoimmune disease?
- A. Yes. And I don't know which one was being ruled out and which one was the diagnosis.
 - Q. I'm sure we'll get --
- 12 A. Yeah, it's in there.
 - Q. We'll come back to that.

This will be our next exhibit. Is this 11?

THE REPORTER: Yes.

(Exhibit 11 was marked for identification.)

MR. KEMP: Exhibit 11, a one-page document, defendant's Bates stamp ending in 1371. We have e-mails here regarding "Work Schedule."

- Q. Do you recall sending the e-mail to
- Ms. Buchanan dated Monday, February 20th, 2017,
- with copies to Brian Letofsky and Nancy Letofsky and
- 23 Susan Watkins?

A. No, I don't recall receiving [sic] it 25 specifically.

unfortunately. I believe it's a CC to Brian Letofsky, subject "RE: Update for today."

Unlike most of the other e-mails, there's no notation of when it was sent. And I noticed in looking through e-mails that have been produced in the case, that there are several like that.

Do you have any idea or any explanation as to why that particular e-mail doesn't have a sent line that shows a date and time it was actually sent?

Q. I noticed maybe four or five, half a dozen, when going through the e-mails preparing for the deposition, that there were some that were like that, that just didn't say when they were sent.

MR. ORTUNO: Let me say this. I did put 16 together the discovery and I did notice that myself, and I'm not really exactly sure. It might have been part of the archiving process. But we could probably dig back and figure out which ones if you have ones that you're concerned with.

I assumed, because there's like date stamps on the ones around them, that it would be pretty easy 23 to figure out. But I'm sure we could probably dig up actual e-mails that did have the to and from. My assumption was that it happened within the archiving

THE WITNESS: Yeah, I don't know the answer to the question.

BY MR. KEMP:

Q. No, I didn't know if you would or not. I wanted to point it out and see if you had any idea, but apparently not. So okay.

All right. Getting back to the main point here, so this e-mail chain appears to be where Ms. Buchanan is telling you that she's had updated 11 news from her doctor's office and now she's concerned about whether or not she's going to be able to continue or continue at the same level or go out on a break.

What do you recall about -- first of all, do you recall these e-mails or having these discussions with Ms. Buchanan, and so, you know, what else do you recall other than what's in the e-mails here?

MR. ORTUNO: Object to form.

20 THE WITNESS: That's pretty compound, but let me try and break it down for you.

22 BY MR. KEMP:

23 Q. Sure.

A. I don't recall specifically receiving and 25 sending the e-mails.

Q. Okay.

A. But I definitely recall the general nature of 3 these conversations because it was an ongoing thing for pretty much the entire time she was there. It wasn't an everyday and sometimes not an every-week thing, but we talked a lot.

My concern was for Ms. Buchanan always that she get healthy, so we wanted to help her along in that process as best we could because I wanted her to be a successful litigator and she had her entire career in front of her and it wasn't going to happen in a six-month period of time, she was going to need a career to reach her potential. So we wanted her healthy. So that discussion we had all the time.

Specific to the e-mail on page WLLLP 1364, the one at the top, I do recall our discussion at about that time that the accommodations were not really anything that she was interested in at that point because it was frustrating even on a reduced schedule, it just wasn't fitting, the workload was too much and it wasn't a fit and she wanted to go and try and get things taken care of.

There was a mystery, and I think if we go back, she received a call of concern about an issue. So we go from the normal way of doing -- you know,

with her headaches and focus and migraines and things like that, and then she gets this alarming call. And I remember that time period because we were alarmed too. I mean, I wanted her to figure these things out 5 for her.

So she gets this call which is alarming to her, and I think it just caused her to say, all right. I got to get to the bottom of what's going on, and she felt it was best to remove herself from the environment, help us find someone else for the time being, and then we can re-connect when she figures things out.

Q. So for the record, the call of concern was from her primary care doctor, is what the e-mail says. Right?

A. Yes, sir.

Q. Thursday, May 11th, 3:44 p.m.

18 A. Yeah, that e-mail, the reference is on WLLLP 19 1365.

Q. Yes. Okay.

A. So that heightened, I think, her sense of concern about things and a sense of urgency to get to 23 the bottom of it, and that was the precursor to her 24 e-mail. 25

Q. And then you responded that night, it looks

Page 68

Page 69 1 like: 1 step back and focus on my health. My gut tells me 2 we'll need to look for another attorney, and what I "I am sorry to hear that and I hope you 3 can do" -- wait. Let me read that again -- "and, what are okay. Please let me know if we need to make any accommodation at work. Thank you." I can do is something to be figured out." Did I read that right? A. Then she says, "I wish I had better news." A. Yes, sir. 6 Q. Oh, yes, "I wish I had better news. Q. And then on May 12 is when --7 Sincerely, Amy." Okay. 8 A. And just so you -- I mean, I think it's 8 Did you have any other conversations with her important to point out that e-mail was sent out at about looking for another attorney to work in the 11:43, so I highlight that to let you know that I did 10 office? 11 11 care and I was trying to work and I wanted what was A. I knew it was important for her to get leave of absence or what was going to happen with 15 15 that? to the bottom of it. Q. Okay. All right. So the next morning is 16 16 A. Well, we talked about this (indicating), Friday, May 12th, and I note that because she was only 17 so -- and I think it's clear that she needs time off supposed to be working Monday through Thursday; right? from work, so that's what we talked about. 19 A. Sure. Q. Okay. Did you talk about any other 20 Q. But there she is working on Friday, May 12th. accommodations? I mean, you had mentioned in your 21 21 A. She's sending me a personal e-mail updating previous e-mail the night before let me know about any 22 me on her condition, if that's what you call that accommodation at work. 23 work. 23 A. Page 73 A. We called it an indefinite leave of absence; 1 Maybe we had Blue Cross Blue Shield out here. We had 2 2 different health insurance out here. I think it might correct. 3 3 have been Blue Cross Blue Shield. Q. Okay. And do you recall when that started? 4 A. I think there is another e-mail shortly after Q. Did your plan allow you to have persons on this that references that. So it would have been in the plan who were not employees of the firm? 6 May somewhere. A. I don't know. I don't know how they defined 7 Q. Okay. That may be the next e-mail I have. "employee." I don't know how they defined "covered Let's make this Exhibit 13. person," because family members can be covered and 9 (Exhibit 13 was marked for identification.) they are not employees. When did you stop reporting her as being an employee of the firm? A. What do you mean by "reporting"? Q. Well, I mean make this Exhibit 14. (Exhibit 14 was marked for identification.) BY MR. KEMP: Q. Exhibit 14 is plaintiff's number 10129. I	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	this talks about the Sean Sullivan office, so at least until June of 2016. So my guess is this is in reference to that time period when she left in September of 2016. Some of these names go way back. Q. Okay. So you think this would have been after okay. So after she resigned on 9/1? A. Yeah. Q. Okay. But before she would have come back? A. Correct. Q. Okay. All right. That explains that. But do you have a similar list now that shows her as being a former employee? A. No. I haven't seen an updated roster in a long time, and I don't think I'm surprised that we had former employees listed there. I'm not sure why we would have done that. But this isn't something I prepared. I think this is more of a sheet that Susan Watkins prepares for her own reference related to payroll and some of the payments that we had been making, things of that nature. So I don't know that we have a current one like this, I don't think we do, where it references

So we needed somebody to be able to help process, file documents and things of that nature. So it would have been around this time that Ms. Kachermeyer started, I'm pretty sure. Q. So before we go any further, then, I want to just we kind of started talking about the topics that are roughly numbers 2 through 5 in the deposition notice. So at this second period, after she comes back in December of 2016, she works up through into May of 2017, and then goes on this what you have termed an indefinite leave of absence because of her health. Q are any of those people no longer working with you now? A. Mr. Mousmoules, Ms. Hagerty, Ms. Askander, Ms. Dilts, Ms. DiVincenzo, Ms. Gallardo, those have all moved on. Q. Okay. For the record I'm going to ask, do you remember when those people moved on? A. No, I don't. Q. Any of the former staff members, do you recall when any of those people left the firm? A. Sometime after Ms. Buchanan went out in September 2016, is about the best I can tell you. Q. All right. Okay. So the people that are in the box up here (indicating), they would have been after September 1st 2nd, 2016, actually, her resignation date. A. Okay.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Q. But the Las Vegas office is listed and it talks about Amy and it lists Amy as a former staff member, so A. That's true. Like I said, I don't know what the intent was. I didn't draft this. Q. Okay. A. But it would wouldn't surprise me if Mr. Forster came on shortly after that. Q. Okay. Amy wasn't terminated from her job for any misconduct or poor work performance, was she? A. Correct. Q. Okay. And to the extent that Amy's employment did end, what would you assign as being the reason for that? A. She needed to go get medical treatment. Q. All right. Did you consider that she resigned, or did you terminate her employment? A. Neither. We didn't terminate her at that point and I didn't sense that she was resigning. She was going to go see if she could get some treatment and figure out what was going on and work her way back into practicing law and if that was going to be a good

Well, it makes sense by then. If we hadn't didn't fit well with a small office. We needed full had her in the office since May and August time frame, 6 management. when we talked about part-time didn't work and there 7 was no real bubbling up of an opportunity to come back So in August we did have that discussion, and 8 I don't remember -- I think we got some doctors' notes 8 and no discussions, I can see us doing that; I would back then, and we did discuss that that probably assume that's what happened. I don't really handle 10 wasn't a good fit at that time. So I guess we could the E&O side. That goes through Ms. Letofsky; she say that would be a time where her employment ended. 11 11 does all the add and drop forms. But that would make 12 12 So it was never really specifically sense if that happened in November as well. 13 discussed. I don't remember hearing from Ms. Buchanan Q. Okay. We made mention of a couple of things. much after August of 2017 on employment and coming I've got doctors' notes here we're going to look at. 15 15 back to work. One thing, before I forget, because you 16 16 Q. So based on what you just talked through mentioned that you had another associate working by 17 there, then you would think that her employment ended 17 some point, and I think you were talking about the fall 2017. Who was the associate that you hired at 18 19 19 A. Well, I'm trying to figure out, I mean, what that point? she was thinking too, but I could see -- we never made 20 A. Theresa Santos, T-h-e-r-e-s-a. I didn't look 21 21 it clear "termination," I never said to her "your up her start time. It was in that fall period of 22 2017. 22 employment is terminated." It was just she kind of didn't come back to work, and that was in August when 23 Q. Okay. Does she still work for you today? 24 we talked about her ability to come back was limited 24 A. She does. 25 to four hours. There wasn't a fit then. We had Q. I know her husband. Page 94 Page 96 somebody already in place. There was nowhere to put 1 A. Cory. He's a good guy. 2 her, so there wasn't any way to get her back into MR. KEMP: Make that 16. 3 3 active employment, so it just sat and nothing happened (Exhibit 16 was marked for identification.) 4 MR. KEMP: So Exhibit 16, we've got three 5 Q. When she came back -- going back to the fall pages. There's a note from Dr. McKinnon dated 6 of 2016 now, she resigned September 2nd and she comes July 12th, 2017; there's a note from Dr. Pfau, back in December, and we saw an e-mail here earlier P-f-a-u, dated July 17th, 2017; and on a prescription 8 where you talked about putting her back on the E&O pad, a note from Dr. Jeffrey Ziegler dated insurance. When did you take her off of the E&O 9 August 21st, 2017. 10 insurance after May of 2017 when she went on the 10 Q. Do you recall receiving these before? 11 11 leave? A. I do. 12 A. I have no idea. I did not look that up. Q. Okay. Were these notes that Ms. Buchanan 13 We -- that is the reason it came up, that e-mail, that 13 gave you regarding her physical condition? 14 is the one like checklist item that's not on the 14 A. Yes. 15 checklist. 15

- Q. Sure.
- A. And people stay off for a long time. They get added on and we don't do the take-them-off form
- 19 until the next revolution of applications. That
- happens frequently. So I -- there was never -- that's probably one thing we should work on, but we leave
- 22 people on there a lot of times until we re-up for 23
- another year.
 - Q. Do you know when your year renews?
- A. November, I think it's November each year.

Q. Dr. Pfau, on the second page of this, says that she should be working no more than four hours per day and that they expected that to continue for the next six months.

So it does indicate that as of July 17th she was able to work but just only able to work a reduced schedule?

- A. Right.
- Q. And at that point you didn't feel that you could accommodate her with a reduced schedule?
 - A. No, because it says she is unable to work,

- unable to work more than four hours a day, which means at four days a day to me it's over, if we're going to go by this and we're going to be able to really accommodate it on a part-time basis and there's just too many things that that gets in the way of in the practice of law as an associate managing a file, on top of the workload itself just in the file number that we had.
 - Q. Okay.

- A. That's not to say that at some point in time 11 in the future there might be a place for that, but it was going to always be a challenge to have somebody manage a file who may not be able to stay somewhere more than four hours. I mean, you can't walk out of a federal court ENE at the four-hour mark.
 - Q. Okay. Now, the next note from Dr. Ziegler, which was about a month later on August 21st, it says she would do well to limit her work to 20 hours, her workweek to 20 hours. Excuse me.

So that's a little bit different. It's not just 4 hours a day, but it's 20 hours a week, but by that point what was your position on being able to accommodate 20 hours per week?

A. Now we're in conflicting accommodations. I've got Dr. Pfau saying six months of four hours a

A. Not from the doctors, and I didn't ask

Ms. Buchanan to get it from the doctors.

Q. Okay. Would that be because you just didn't feel like you could support a 20-hour-per-week part-time schedule at that point?

Page 99

Page 100

- A. I lost you. I'm sorry. I don't understand.
- Q. Well, my question kind of assumes that you gave it any consideration, and you might not have, but would it have made any difference? Because at this point it seems like you felt you couldn't accommodate the part-time schedule anyway, whether it was 20 hours or 4 hours a day, you know.

MR. ORTUNO: Object to form.

THE WITNESS: Yes, my thinking at this point was that we weren't able to do it, it wasn't a fit before, it wasn't going to be a fit at this time because it was even busier. So I didn't -- it didn't seem that that was going to work.

19 BY MR. KEMP:

- Q. It was just there was so much work, she didn't work out before, having to work the reduced schedule, so it wasn't going to work going forward?
- A. Right. The volume of work and then the tasks that were required, having many of those exceed four hours a day, we're going to be in deposition more

Page 98

day and Dr. Ziegler saying 20 hours a week. To me, the only way to reconcile that is to keep it -- they are the same only if you keep it to four hours a day.

I don't recall -- I recall receiving these, because we had talked and she was -- you know, again, it goes back. Ms. Buchanan has a desire to practice law and to be -- and her drive is there, and I'm very happy that she found a place that works. We didn't have a model as a small office that would allow for this, but she wanted to try and that's why she sent 11 these, and where I was going is I can't remember if these came all in one e-mail or if they came separately, but it was somewhere in here -- it may 14 have been by this August 1 that Ms. Santos had started. I don't recall if she had started in July.

So I know it came with an e-mail. I just don't recall without that e-mail when they came in, but this is the more -- Dr. Pfau's accommodations the more restrictive, which would be the one that would control, from my speculative.

- Q. Even though the other one is later in time?
- A. It's later in time, but it's not consistent with Dr. Pfau, who says four hours a day.
 - Q. Right. Okay. Did you ever ask for any clarification with these?

than four hours today, we were in her deposition far in excess of four hours that day, it would be -- I mean, it's really burdensome to ask another associate to pick up those longer events, to dive into a file they have no knowledge of and handle those. And for me, it would be extremely burdensome to just -- you know, running all over the place. So to go to an ENE, take a percipient witness depo was going to be really difficult to manage.

10 Q. Okay. All right. So then, in terms of the 11 actual reason -- assuming that her employment did end with you and assuming that it ended during the time 13 period you talked about, the reason is because she 14 couldn't work full-time and you didn't have any 15 part-time schedule that you could give her; is that fair to say that that was the reason why it ended?

A. I think that summarizes it well. There's probably more particulars to it, but yeah. I mean, we're always trying to -- you know, when we say an indefinite leave, that leaves open the idea that things change and the situation develops.

So I never viewed her time with us as concretely over until -- well, I never viewed it until the later actions, but this is when I recognized at 25 least for six months we weren't going to be able to do

Mr. Forster about what he saw her experiencing? So we get the letter in July, and for me, my thinking A. Not in depth, but certainly he reported to me is she's not going to work for at least six months, she's not doing well today, she's sick. We talked 8 we'll see where we're at when that happens. 8 about that a lot, sure. 9 9 Q. Okay. And in terms of number 5, the identity Q. Number 10 on the list talks about the period in summer of 2017 when she was providing you with the doctors' notes, and I believe there was some facts and circumstances surrounding defendant's 6 knowledge and understanding of plaintiff's work discussion about whether or not she could come back to 6 restrictions given by her doctors at any time during work four hours a day. Is that... 8 her employment. A. I don't specifically recall that. I Other than these notes here, were you ever generally recall that we did and assume that we did. 10 10 Q. Do you recall there was any discussions about provided with any other doctors' notes that you can 11 recall? 11 perhaps hiring some other support staff that would 12 12 help in basically her ability to come back to work? A. No. 13 13 Q. Do these notes here pretty much summarize A. No, because it wouldn't help her on the 14 14 what knowledge you had of her restrictions? four-hour limit. 15 15 A. No. Only for that point in time. Q. Okay. Was there -- did you discuss with her 16 Ms. Buchanan and I talked at length throughout her possibly hiring another associate attorney that employment on her restrictions. She was the one between the two of them they could kind of work 18 together, like two part-time people, anything like relaying what she needed in terms of time at work. I 19 didn't need to verify it from an employer until she 19 that? 20 20 was away because she went away to try and A. No, because they still would manage a file 21 figure things out. At that point it felt like, well, and both would be limited then in their ability to 22 22 let's see what the doctors are saying. So that's the handle four-hour-or-more issues. 23 first time we asked for notes, but I pretty much 23 Q. But in terms of that, for example, with the 24 Eldorado cases, wasn't it the case that you would have 24 relied on her to relay to me what she wanted to do. Q. Okay. Did you have any reason to doubt what people jump in to help on those that weren't

Her concern was that -- wasn't that she had to work more time. It's that she couldn't fulfill the 8 So I was asking, "Are you asking me to go requirements of the job, which were attending depos, back to the frustrational situation you were in before? That's what I'm not tracking. Is that what 10 doing those things, working up a file. 11 So when she says, "I'm confused as to what -you are asking me to do?" She chose not to do that. We never told what the doctors' notes are saying, which is limited her to work past those four hours, in an effort 19 to four hours a day?" The reason I was asking that is 19 through that drive to try and get things done. because we had talked previously about how that was a So the concern wasn't that it was more from a frustrating and hard time for her, and it seemed -- I wanted to make sure she really wanted to go back to production perspective. She was concerned that in the limited time she wouldn't be able to do all of the 23 that because I didn't think she would want to, if that 24 tasks necessary on the file as opposed to being makes sense.

- Q. Because she was consistently working additional hours before.
- A. Right.
- O. So again --

or not it's possible.

A. Hence her frustration. So her concern is her 11 frustration in the situation of having to work additional hours to complete all of the tasks but not being able to accomplish that, and so I was asking for clarification, are you asking to go back to that situation.

Q. And we may be talking about the same thing. She's basically saying all of the work that you are going to want me to do I can't accomplish in the time period because I couldn't do it before and ended up working more hours, and so that seems to be the issue, is that what you would have wanted her to do and accomplish couldn't be done in the limited time.

A. What the position required was more than she was able to do, and we could learn that through the previous experience, and that's why I was wondering

Page 118

why you want to go back to that.

Q. Okay.

A. That was only half of the equation.

The other half was, practically speaking, whether it would even work, and I didn't think it would.

Q. Well, and then that comes back to -- I asked you this. I think you said you didn't recall.

She I think would -- I'm going to represent to you that I think she would testify that she spoke to you about having another associate and maybe a part-time associate or a support staff person that would help in getting the work done, would permit her 14 to work these reduced hours that her doctors were requesting. I think you said you didn't believe that 16 those conversations took place?

- A. I don't remember saying that. She just testified to it a few weeks ago or whatever it was. I don't recall saying I don't remember that.
- Q. I thought, when I asked you just a little bit ago, you said no, she never talked to me about bringing on support staff or another associate.
- A. I don't know if that's how the question was phrased, but regardless, we can clarify it here.

Q. Okay.

A. So support staff is not going to help her conduct a depo, so that's not a fix. I know the part-time associate doesn't help her when she's at an ENE or a depo or he's she's got a deadline and she can't meet it because she's got to leave, so -- and we can't have a situation where other associates are

picking up those pieces of the file management. It's

not efficient and congruent at all.

So to the extent that we talked, it was probably brief. In my mind, I did not see that as a fix. It wasn't a fix. A paralegal can't draft a pleading, not many, can't evaluate medical records or other records and do summaries and things of that nature.

In a purely transactional world maybe four hours a day works, but not in an appearance-based litigation practice, and we couldn't have deadlines get passed off at the last minute because it couldn't get done in the four-hour block allotted that day.

So those were the limitations to staff and other part-time employees.

Q. Okay. I just want to clarify a couple of things you said.

In my experience -- this is my experience in doing ENEs -- they do sometimes and very rarely do

Page 120

Page 119

1 they go beyond three or four hours, and in terms of depositions, I mean, as an accommodation you could split depositions up into two different sessions. You can do that stuff, can't you? Is there any reason why you couldn't -- I would think that some of the magistrate judges, if you told them, look, because of my disability I can only go this long, that they would accommodate that?

MR. ORTUNO: Objection. Calls for speculation.

BY MR. KEMP:

- Q. My question is just whether or not --
- A. First of all, I don't want to show up and ask a federal judge, based on that, to break it up and have a second session on an ENE, I don't think. But door to door I have a different experience than you do in terms of ENE time. So door to door I'm very rarely back in four hours, and so --
 - Q. In Nevada?

A. Oh, sure. I mean, I don't go there and just -- we go there to try and resolve cases. I'm there till noon frequently. And I'm talking door to door. But that's just one experience. Most depositions that I'm involved in in the employment 25 setting of parties, they are in excess of four hours.

Page 121

Door to door they are in excess of five or six hours.

So -- but beyond that, handing over -- most of the time you don't want to split a depo. I don't want to take the deposition of a party to end it, to let them go back, reset and come back. That's not a very good tactical way to do things either, and you can't have another associate do it.

And if you are breaking things up like that, then the schedule gets too convoluted and it's very difficult to manage. We could just not had success with part-time, new associates part-time.

- Q. I understand what you are saying. From a 13 tactical standpoint and from a matter of preference and a matter of what would be ideal or best --
- 15 A. No, that's not even that.

- 16 Q. -- all of that, all of that what you said, but in terms of, you know, needing to accommodate somebody because they have a disability, you could do 19 some of these things, couldn't you?
- 20 A. No, not -- I never couched those solutions as 21 the best result. That's what's needed. So four hours a day, four days -- four hours a day is not doable in the litigation practice that we had. It's just not. 24 I've practiced 28 years. You may have more years than 25 me and you may have a different type of practice. But

1 expected of it. The doctor tells me in no uncertain terms it's four hours a day for six months, and we had previously had this discussion with her about what she could do in the day and she had worked a four-hour day. So --

- 6 Q. And the other doctor talks about a workweek of 20 hours, so that begs the question, can the time be split up, does it need to be only four hours a day, and what I gather is you never asked her and you never asked the doctors?
- 11 A. I did not ask the doctors, and I relied on Dr. Pfau's letter, which in conjunction with the second letter said four hours per day, which was consistent with previous statements that she had made to me in terms of limiting exposure to concentration, 16 focus on documents, focus in depositions and all of 17 those things, because it triggers the fatigue, headaches, migraines, et cetera.
 - Q. Okay. And so Dr. Ziegler's note came in after the discussions that are here in Exhibit 17?
 - A. I don't know when that came in. It's not part of the e-mail that was referred to in Exhibit 17, that I can tell.
 - Q. Right, no, she said she was still waiting for one, and she got this.

1 I have never seen that type of time/work handled --I'd have to find two people; first of all, I've got to get two part-time people. Finding a part-time attorney is extremely difficult, someone that just wants to work four hours a day, to back-end that.

It's just -- you know, we had one other

attorney and a lot of files, and myself and Mr. Letofsky, it's not doable, it's not reasonable. I can't have depos get kicked out, meetings missed. Just too hard to manage. We're too small. We're too small to do it.

- Q. And I assume that you never posed any questions to her medical providers or asked her to pose medical questions to the medical providers about 15 whether or not there would be any exceptions so that 16 like if I've got to do a deposition for seven hours, can I do that on one day, if I then kind of reduce my time for the rest of the week, no for lack of a better term interactive process like that took place, did it?
 - A. I disagree. With the use of the word interactive process, I think that...
- Q. You did ask the doctors whether or not there 23 was flexibility --24
- A. I don't think that you can ask that and then 25 throw in interactive process as some kind of that's

A. It's attached to your exhibit, but I don't see it attached to an e-mail.

Q. Okay. I thought you testified earlier that you had seen it.

A. I recall the notes in general. I don't --6 I've seen that, and I don't know -- it's not attached here, so I don't know if I saw it as part of the -your disclosures or where I saw it. I have seen it. I just don't recall in the timeline of things and, according to the e-mails, I don't know when it came in.

- 12 Q. You are saying you can't -- you don't know 13 whether or not you saw this in August or September of 14 2017?
 - A. I don't know.
- 16 Q. Dr. Ziegler's note on his prescription pad.
 - A. I don't know that I saw it in those time periods without referencing this, but it doesn't change my thinking that she's limited to four hours a day for six months.
 - Q. But my question was -- I think you've answered it -- you never talked to the doctors about it?
- A. No. I wouldn't talk to them. I don't think 25 I have a right to talk to them. It would be her job

Picking back up to where we were at topic number 11, and this has to do with, do you feel that you had an interactive process with Ms. Buchanan about accommodations? A. Yes. Q. Okay. And so what all do you consider to be the communications that were part of the interactive process? I know we've probably talked about a number of them, but did you A. Probably most of them. We discussed, when she left in September of 2016, the fact that she needed to go, and we discussed even before that the nature of her medical condition as it impacted her	6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	there was anything else about interactive process that you can recall at this point that we haven't discussed, and I think you have kind of A. I don't know if I on this last thing in August, we discussed, you and I here at the end, about what's reasonable in terms of accommodating a short schedule. And we had conversations or at least one conversation, Ms. Buchanan and I, about how previously that hadn't worked and I wasn't sure that going back to that was going to work. We already experienced it and we already realized it was not doable. So that was part of those conversations as well. Q. Okay. And on her end of it she sent you those links from the websites from the Job Accommodation Network. And I can't remember. I think you disputed whether or not she talked to you about additional support staff or some other help that

1 to bring in support staff as an accommodation, but I don't dispute -- I don't remember talking about it, 3 but I don't dispute that we talked about getting staff

that would certainly be part of the progression of establishing an office.

Q. Okay.

A. And we had many conversations about the flow of firm development. We were new to Nevada and we needed cases, and you can't really control that and 10 it's not like hiring a staff member is just something 11 you do. You have got to have resources for it and 12 funding and be able to bring in a monthly salary for 13 that person and an income. All of those things need to be in place before you can do that.

Same thing with buying -- getting another associate or what have you. You have got to have logistics to manage or to push that forward too, and so we talked about that.

And her place in developing a new office, it wasn't like she came in with an established firm with a set protocol and set ways of doing things.

So in terms of accommodation, we were always talking about managing the office, staffing, things 24 like that too, because we certainly weren't here for 25 the short-term just to have one associate. So that

Page 130

was always part of the discussion.

Q. Okay. All right. I think, number 12 we touched on a little bit, but what do you consider to be the essential functions of an associate attorney's position with your firm?

MR. ORTUNO: Objection as it calls for a conclusion of law.

But go ahead.

THE WITNESS: Well, the simplest way to say 10 it is you have to manage the files. That's the way I 11 say it. Within that comes completing discovery, written and depositions, attending settlement conferences, attending mediations, arbitrations, 14 trials if necessary, pretty much litigating the file front to back.

I mean, we encourage our associates to do that. I think it's the best way to develop as an associate and as a litigator. So we want associates 19 on front to back, and all the essential tasks would be 20 completing the investigative and discovery process of 21 a file and then settling it and all the steps you've 22 got to do. So it's not like it's a mechanic, it's got 23 five essential things you do. I mean, to me, it's a pretty broad thing.

1 BY MR. KEMP:

Q. Pretty much it's office work; right? It's ³ not like hard physical labor, just for the record. I think it's pretty obvious but --

A. It's not manual labor, but if you are -- I think physical is an interesting term in litigation. I'm sure you've had many nights where you are just completely physically wiped out, and all you've done is read papers all day. So I think that there's a blending of physical and mental and emotional 11 exhaustion.

Q. Let me rephrase it. It's not physical tasks, like there's not heavy lifting, you don't have to be able to run five miles. That was more of what I was talking about.

A. Correct.

17 Q. You will get physically tired from the mental aspects of the work, sure.

A. Yes.

20 Q. Okay.

A. And that was part of the issue with Ms. Buchanan, is -- I don't know -- I've never experienced the things she was experiencing, and so there was, in managing your files and working four hours, if you are in there and you just become

Page 132

Page 131

physically exhausted on top of mentally tired and you're -- so we were trying to figure that out. I didn't have a formula, by any stretch, and I don't think she did either, and the whole point was to try and see if we could make it work.

Q. Now -- I lost my train of thought. Give me a second.

Oh. The restrictions that are doctor imposed, none of that said that she couldn't do any of the actual work. It was just a limitation on the amount of time she could spend doing it. Do I have that right?

13 A. I would state it differently. I think they 14 did put a limitation on the work that she could do. 15 As to the specific tasks, they didn't say she can't ask questions at a deposition or write or type interrogatories or things like that.

Q. I'm talking in terms of essential functions. 19 I mean, doing that particular work, they just limited it to a certain amount of time?

A. The restrictions were time performing the functions, yes.

23 Q. Okay.

24 A. Or tasks.

Q. Okay. And number 13, so I think that kind of

Page 135 Page 133 1 covers 13. It's not that she couldn't perform the 1 similar scenario of a satellite or a new start-up functions. There was a limitation on how long she company with one associate and then two, trying to could perform the functions for. And to me, that's a deposition. So you can't just say she can't work 10 the function of a deposition. anywhere, but in that office, with two attorneys, 11 Q. Are you of the position, then, that anyone myself and Mr. Letofsky, and having to manage start to that has a 4-hour per day or 20-hour per week time finish on her files, it was not doable under -- with 13 limit on their work is not capable of performing the her medical conditions, limiting it to four hours a day. essential functions of an attorney? 14 15 15 A. No. It was the impact of the work -- it was Q. Page 134

A. I don't know what you mean by "perform as an associate."

Q. Well, performing the essential functions. The essential functions from your position is that she has to be able to do something start to finish. So if she was in federal court, she's got to be able to do one full day of seven hours of deposition, and if she can't do that, then she's not capable of being an attorney at all?

A. No. She's clearly found a good fit in terms of the requirements of her job duties at her current employer.

Q. Okay. So it would just be at your -- the job as it existed at your firm?

A. No, I don't think it's limited to my firm at

Q. Okay. How would you say it, then? What jobs do you think that she wouldn't be able to do?

A. I would be speculating. I've never done any research or looked into that at all. Outside of my office?

Q. Yeah. I thought you just told me that you thought there would be other jobs, and I was asking vou what those would be.

A. You mean a specific law firm? I think a

Q. My experience when I look at firms including my own, when you have an associate, you usually put a partner or somebody else, you have two attorneys on the case as attorneys of record. Was that how you worked it, or was she really by herself on the cases?

9 Q. Not all depositions are more than four hours, 10 are they?

A. No.

Q. So wouldn't it be possible in the spirit of teamwork that she could do shorter depositions and you could do longer depositions?

A. No.

Q. That's not possible?

A. No, not from start to finish on every file,

18 no.

19 Q. Okay.

20 A. We tried that. I've also got files with

Mr. Forster and other files in California, I've only got so much time. So no. That's why we wanted to

Would you have anything to add about ways in which you attempted to offer her accommodations to meet the work limitations by the doctors, or do you think we've covered all that?

A. We've certainly touched on it. I don't want to be limited at some point in time in the future where you say you didn't respond to this question at this time with this specific fact.

I think we have touched base on most of those things in my summary in particular, and we've touched on them throughout the e-mails. So nothing comes to 16 mind as I'm reading this question I need to add as I sit here right now.

Q. Well, I understand you can only testify about what you can think of and know right now, but I'm just asking you to do your best to think of anything that would be responsive.

A. The question is overbroad if you are asking me to talk about multiple -- it's compound because you are asking me to talk about multiple conversations 25 regarding a continuing interactive process. So, but,

Page 138

yeah, I've given you the best information I have as I'm sitting here now in response to that general question.

Q. Did anybody else at defendant talk with Ms. Buchanan about her doctors' restrictions and the firm's ability to accommodate it or possibly accommodate it?

A. I can only speak to myself and what I know, and, no.

Q. Okay. You don't know of anybody else at the firm who did that; right?

12 A. I do not.

Q. Okay.

A. It was just her and me and Mr. Letofsky, so I don't think she ever went to him, and maybe Mr. Forster, she might have talked to him, but I don't recall any conversations with him on that issue.

Q. Okay. So 16 speaks about undue hardship, and if I understand your testimony, you would consider it to be an undue hardship for Ms. Buchanan to only work four hours and not be able to do like longer ENEs or

22 longer depositions as part of her job? 23 A. It's not just that. It's the entire

24 management of the file. But yes, that's correct.

Q. Okay. So the other accommodations that she

1 touched on, possibly additional staff and all that, do you consider that to be an undue hardship as well?

- A. Which staff are you talking about?
- Q. If there was some support staff added or there was another associate working with the firm in the office.

A. Well, I don't think that administrative staff are related at all to her performing of associate attorney functions. But yes, there would be at that time. We didn't have the funding for an additional person to come in and work full-time or we would have done it.

So I can't just make somebody appear in terms of other associates. The question presumes that there were other people willing part-time to come in and fit that role. We didn't find any. I didn't do an exhaustive search. But we had a difficult time finding attorneys just in general on the start. But, yes, so that would be difficult to find that match and an undue hardship. What was the other one?

- Q. What steps did you take to try and find somebody else to come in and help out so that she would be able to stay on?
- 24 A. On a part-time basis? I don't think we looked because I didn't see that as an appropriate

1 fit.

Q. All right. And so I'm clear, with respect to support staff, you don't think that having support staff would assist or help Ms. Buchanan to perform all of her work?

A. No. You were talking about the essential tasks of the job. I don't think an administrative staff member helps with that.

Q. Well, wouldn't an administrative or support 10 staff person, paralegal, legal assistant, wouldn't that person be able to do some of the more clerical tasks that would free her up to do more of the 13 attorney work?

A. What do you mean by "clerical"?

Q. Well, you know, it's like a paralegal can certainly pull cases off of Westlaw, Lexis, or some other database. They can certainly prepare the basics of forms, any oppositions to motions, I mean. You usually have stock set up, the standard of -- you know for denying a motion to dismiss.

I mean, most people have standard or stock things that they use in terms of assembling the documents so that then she could come in and do the true legal work on it. You could have people in a system like that, couldn't you?

Page 140

And we had been talking -- I talked in the August time frame, when it became clear that she needed six more months and we weren't going to bring her back in and we were paying for insurance and she wasn't contributing, I talked to Susan Watkins about we needed to bring the insurance to an end.

We had some discussions in September, but we never got her answer and so it came up again in November. I believe, actually now that we are talking, it was in conjunction with the E&O, and she 13 has her little ticklers. So it all came up again at 14 that time, and that's when there was no prospect of her coming back and she hadn't contributed any portion 16 in five or six months, that we ended it.

O. What was the agreement with respect to contributing? How did that come about? How was that discussed? I haven't seen any e-mails about that. A. The agreement -- I don't know what you mean by that. But as we talked about earlier, she went out

on an indefinite leave, and I believe right after that, as part of that, Susan Watkins had cancelled her 24 insurance, because that's what we do when people leave. 25

Page 162

And that -- Ms. Buchanan found out about that, became very upset, and I talked to Brian Letofsky and Susan, and we agreed to reinstate it while she was out on leave, because we knew that she needed the insurance and we wanted her to find a way to get healthy if that was possible.

As part of that we would continue the insurance, but it would need to continue in accordance with the previous arrangement. So we contributed X amount and she was supposed to contribute X amount, but that didn't happen, so we were footing the full 12 bill for, I think, if not all the time, everything but one month or two.

Q. So how was it communicated that she was going to be footing the bill for part of it? I don't recall seeing any communication about that.

A. No. She called when she was cancelled and we talked on the phone and said we'll reinstate it but we 19 would reinstate it as it was before, can't just take 20 care of all of your insurance, we've never done that. I believe she contributed the first month and didn't after, something to that effect. It's on the next page you have there. MR. KEMP: Let me mark this as an exhibit so

BY MR. KEMP:

Q. So 18 is an iMessage, a text message, essentially, from September 1st, I believe this was 2017, 4:35 p.m. It's talking about the pay and the insurance. It's on the second page of it it says, "Regarding insurance, we're going to have to talk about that," is one sentence right like in the middle of the text on that page.

11 A. Okay.

> Q. So was it after this text message on September 1st that you discussed her paying for part of her insurance?

A. No. I mean, this was after all of that 16 initial discussion.

17 Q. Okay.

> A. This is September. We talked about it in May, May, June, I think. I have to look. There's a sheet that has the reference to the first payments of insurance. I don't think it took this long to get it reinstated once it was cancelled. I think it was reinstated pretty quickly.

Q. Do you recall sending this text message to Amy?

A. No, not particularly.

Q. Do you have any dispute or doubt that you sent this text message to her?

A. No, not as I'm looking at it here. I don't know what text came in advance of that, but...

Q. All right. I'm just going to read here. It's not that long.

A. What I don't understand from the page here is it says "to Dan Watkins" and it says, "Amy, I just spoke." So it doesn't -- I'm not sure --

Q. Yeah, I don't know why --

A. That's confusing to me, so I can't confirm that this is a text that I sent based on that, but...

Q. Just based on the fact that it says "to Dan Watkins"?

A. Yeah. It doesn't appear to be from me.

Q. Okay. Well, the next page, you can see where there's an "okay, thank you." I think that might be referring to that, where she responded.

A. Okay. I mean, that's --

Q. I don't know that for sure, but that's --

A. You know as much as I do, apparently. If you have questions, I can answer them about it.

Q. Right. So I am going to read it. It says: "Amy, I just spoke with Susan and she

Okay. So this e-mail on September 1st, 2017, basically a check was mailed out to Amy for \$1,338.59 for the supplemental earnings that were calculated, and you believe that that was the last money that Amy was owed; is that fair to say?

- 12 A. Oh, I don't know.

 - A. Let's see. When was this sent out?
- 17 September 2017.
- Q. Yeah. So she had not been working since 19 May by that point.
- 20 A. Yeah, I just don't know. I would assume 21 that's right, but I don't know.

44, which is the 36th affirmative defense, "Plaintiff's claim is barred because there was no meeting of the minds; therefore, no contract was formed with defendant."

I guess that might just be a different way of the other one that says there was no contract?

- A. Correct.
- 10 Q. Okay. 42, which is the 25th affirmative defense, "Plaintiff's symptoms of mental or emotional distress or injury were the result of a preexisting disorder or alternative cause and not the result of any act or omission of the defendant."

Do you know of any preexisting condition of emotional or mental distress that Amy Buchanan had?

- A. Her entire medical condition.
- Q. Okay. So you think because of her -- any emotional distress or mental anguish that she had was because of her medical conditions rather than anything that the defendant did?
- A. The claimed distress and -- mental and emotional distress in this lawsuit, yes.
- 24 Q. Okay.
 - A. There's no parceling out the difference

- A. Since we don't -- I don't think there was a contract, I think she could not be in breach. I don't know of any facts to show that she breached a contract that didn't exist.
- Q. Okay.
- A. I think we reserved those things for if the 10 trier of fact were to conclude that there was a contract, there might be facts and circumstances that are borne out by the trial process that establish she was in breach.
 - Q. As you sit here today, do you know what any of those would be?
 - A. I don't know the terms of the contract as argued and proved at trial, so, no.
- 18 Q. Okay. Number 50, plaintiff's -- which is the 19 45th affirmative defense, "Plaintiff's claims fail because defendant performed all contractual obligations in full and did so in good faith." 22

Is your answer the same for that, that you just basically reserve that in case there's a contract found?

A. Correct.

1 between the frustration and emotional distress associated with trying to work and have those conditions and what she experienced later on, that I can discern.

- Q. What evidence do you rely on for that?
- A. Just her own testimony.
- Q. Nothing but her own testimony?
- A. Yeah. I mean, I don't have any other information other than what she testified to at her deposition, in terms of how she was handling things from the transition or during the transition.
- Q. Okay. Just to be clear, you don't have any medical evidence or doctors' opinions that say that; right?
- A. No. I don't think it's required for that particular affirmative defense either.
- Q. It might not be, but I'm just making sure that there is nothing I'm missing.
- 19 A. Yeah. We haven't had a medical analysis 20 done.
- 21 Q. Okay. Number 39, going back, it's the 16th affirmative defense, "Defendants claim that plaintiff's claims fail because plaintiff paid -- it should say "was paid all wages due and owed." 25 So as you sit here, you don't believe there
